THE DRESS DOCTORS

When we need our Chloé bags refreshed or our Marni dresses taken in, we don't take our wardrobe favorites to just any neighborhood cleaner. It takes the best to clean, hem and adjust the best.

That's why we rely on Margaret's Cleaners to give TLC to scuffed and stained clothes and accessories, and Kiki's Alterations to update our most delicate frocks. The certified couture cleaners at Margaret's have gained worldwide fame for their gown-cleaning and Fendi-sprucing skills. They have long been the secret weapons of La Jolla's M Bride boutique. The women at Kiki's tailor shop will finesse the seams of your priceless pieces. Our ensembles emerge impeccable, as if straight from the designer's atelier.
